

Invest in Business Analysis

of IIBA program partners have seen an improvement in the quality and effectiveness of their business analysis deliverables*

IIBA Partner Program

An organization reaches peak performance when it effectively uses its business analysis capability to align strategic goals with operational implementation.

The IIBA Partner Program can help you get there:

- It keeps your team's business analysis skills updated and relevant, with discounted pricing on membership, certifications, and conferences
- It offers a simplified, cost-effective way to provide your whole team with industry-leading professional development resources
- It connects you to a global network of like-minded business analysis professionals, dedicated to growth and professional advancement

Become an IIBA program partner today and start improving business outcomes.
